The atmosphere of warmth!

A wonderful surprise. Best concert I have attended in a long time.

Concerts that sound like unusual pairings turn out to be so entertaining and pleasing like Japanese accordion players or a bugle/organ concert. All were so delightful..

I thought it was outstanding. If you can consistently showcase talent of that level I think that is fantastic.

It is always a quality program and well run.

Keep up the great work! I'll be there again!

I heard a few comments from individuals that more handicap parking should be available.

Thanks! You all are the best!

The reception is also a nice addition.

How I wish I had known about this wonderful opportunity sooner!

This was a delightful concert and the first time I've heard an electroacoustic harp being performed--so the sound was a new one for me! I enjoyed Erin Hill's selection of music, but especially the theme from The Snow Man and Foggy Dew. Thank you!!!
