

August 7, 2026

To the LexArts Grants Committee:

I have every intention of collaborating with Lexington Ballet in Fall 2027 on a special performance at the Lexington Opera House that will bring together my music and the artistry of dance in a full-scale creative partnership. This production will be a true collaboration between myself, my band, and Lexington Ballet, combining live music and ballet to create a unique performance experience for Lexington audiences. I am excited about the opportunity to continue building upon the successful collaborations we have shared and to bring this ambitious artistic project to life alongside Lexington Ballet.

Sincerely,

Bee Taylor
